

# AQUA Luna

## PIR MOTION DETECTOR WITH EMERGENCY LIGHTING FEATURE

- remotely controlled LED emergency lighting
- digital signal processing
- 3-step sensitivity adjustment
- digital temperature compensation
- pre-alarm feature

### TECHNICAL DATA

Environmental class	II
Protection class	Grade 2
Average current consumption (standby mode) (±10%)	10 mA
Detected target velocity	0,3...3 m/s
Operating temperature range	-30...+55 °C
Recommended mounting height	2,4 m
Nominal supply voltage (±15%)	12 V DC
Max. current consumption	12 mA
Weight	92 g
